Our 2018 Moon Mountain Cabernet is a dark opaque purple with legs that stain the side of the glass. On the nose the wine is a mix of savory herbs, fresh ripe berries and plums. The aromas are fresh and savory, showing more coastal influence than our Cabernets from Diamond Mountain. With that said, the 2018 Moon Mountain Cabernet is very structured and concentrated, with a heady mix of ripe blackberries, fresh sage, black plums, shaved graphite, cedar and milk chocolate. The tannins are fine grained and there is great acidity, assuring elongated cellaring potential. This inaugural vintage, from this unique terroir, establishes a special niche in our line up of Cabernets.
